

April 12, 2010

Dear Ministers,

It is time to begin the process of licensing new Practitioners. As ministers, you are aware that two years of class work does not necessarily create a Practitioner consciousness. This is the time for you to meet with each Practitioner candidate to ascertain, for the candidate and for yourself, that the individual is ready to assume the responsibilities of a Professional Practitioner.

Applications for your Practitioner candidates are available online at www.unitedcentersforspirituallyliving.org on the GEMS page under "Forms and Documents" please print out these forms and distribute them to your students.

If you have listed candidates who are reapplying due to failing the written exam last year, you will also need to print out forms for them. They are to reapply, completing the entire application, attaching a picture and submitting the application fee of \$150.00.

If you have listed candidates who are reapplying due to failing the oral panel last year, a form should be completed for them as well. This form contains a place for your recommendation of the candidates and observations of their progress during the last year. No application fees are due in this situation.

When your students complete their portion of the Application (with attached picture and \$150.00 application fee) or Practitioner Application Update, they are to return it to you. Please complete the form and forward it to us by April 14, 2010. Submissions will not be accepted after April 15, 2010 and will prevent their licensing opportunity in 2010.

Remember, these people will be your Practitioners. If you have reservations, please be specific as to what they are when you sign the form. That way the panels will be aware that there is an area of concern and question the candidate accordingly.

Thank you for your help in getting your new Practitioner candidates started on the licensing process. If you have any questions please do let us know.

Blessings,

Annie Glasgow
