### **United Centers for Spiritual Living Supports All Sacred Texts**

**Golden, CO...**United Centers for Spiritual Living recognizes and supports the full expression of religious freedom, respecting all paths to God that promote love, peace and respect for all religious traditions, practices, and texts. Consequently, United Centers for Spiritual Living honors the dignity of sacred literature found in the *Avesta, Pahlavi, Bible, Torah, Qur'an, I Ching, Sutras, Vedas* and more. We believe that these texts all contain spiritual truth, and therefore deserve to be treated equally, with the utmost respect.

The founder of United Centers for Spiritual Living, Ernest Holmes, once said, "Find me one person who is for something and against nothing, who is redeemed enough not to condemn others out of the burden of his soul, and I will find another savior, another Jesus, and an exalted human being." In that same spirit, United Centers for Spiritual Living stands for the One divine source that moves through all humanity, and respects the dignity of every being's right to the full expression of religious freedom, rites, practices and ritual.

We support the sacred unity inherent in the law of the land, the U.S. Constitution, and the law of a Higher Power known by many names.

We therefore stand for an atmosphere of peace, tolerance, and understanding, even in the face of seeming differences, for we believe in the unity of all faiths, nationalities, and belief systems.
